Omar Mansour, UX Designer/Sr. Graphic Designer

EXPERIENCE

UI/UX Designer — *Vosita*

2022 - PRESENT

- Led end-to-end redesign of a web and mobile app, establishing a scalable design system to improve usability and accessibility.
- Conducted UX research (focus groups, data analysis) to optimize user flows, reducing friction in key interactions.
- Designed high-fidelity prototypes and wireframes in Figma, ensuring seamless handoff to developers.
- Built a UI library (components, typography, iconography) aligned with Bootstrap for consistency.
- Transitioned design workflow from Adobe XD to Figma, improving team collaboration and scalability.

Senior Graphic Designer — *Microwize*

2023 - PRESENT

- Developed brand identities and style guides for tech products, ensuring visual consistency across platforms.
- Managed multiple design projects under tight deadlines, balancing user needs and business goals.
- Modernized a legacy brand identity (first update since 1997), enhancing market appeal.

Graphic Designer & Branding Coordinator — *Microwize*

2022 - 2023

- Designed marketing collateral, improving ad performance by 100% through data-driven visuals.
- Created motion graphics and brand characters to enhance engagement in campaigns.

Graphic Designer — *Freelance*

2017 - 2022

- Delivered branding and UX/UI solutions for startups, aligning designs with user and business objectives.

EDUCATION

Master of Digital Experience Innovation (MDEI) — *University of Waterloo*

Aug 2026 – Apr 2027 (Expected)

Bachelor of Accounting — *Ain Shams University*

2017 - 2021 | Cumulative Grade: Very Good

Google UX Design Certificate — *View*

2025

TECHNICAL SKILLS

- Design Tools: Figma, Adobe Suite (Photoshop, Illustrator, Premiere, XD, InDesign, After Effects)
- UX Research: User journey mapping, focus groups, usability testing, data analysis
- Collaboration: Cross-functional teamwork, developer handoff, Agile workflows
- Other: Google Suite, Microsoft Office
- Bonus: Basic HTML/CSS knowledge (familiar with front-end principles)

LANGUAGES

- English (Bilingual Proficiency)
- Arabic (Native)

KEY ACHIEVEMENTS

- Built a scalable design system for a SaaS platform (Vosita), improving team efficiency.
- Modernized a 25+ year-old brand identity, increasing market relevance.
- Doubled ad performance through targeted, data-backed design strategies.
